Dear Stakeholder

Re: New Licence Plan for Canim Lake Band's Woodlot 1578

Please be advised that the Canim Lake Band has been awarded a new 1200 hectare woodlot north of Canim Lake and south of Hotfish Lake. A new licence plan for this woodlot has been created. A map showing the area is attached.

If you have any concerns, comments or general interest in the new licence plan, please come and view the document at the Canim Lake Band's Natural Resources Office (across from the main band office on IR#1). Drop in or make an appointment. Contact the receptionist, or John Kalmokoff, RPF. Ph. 250-397-2253. Email clbforestry@lincsat.com. The review and comment period extends until March 31, 2011.

Yours Truly;

John Kalmokoff, RPF.
Forester
Canim Lake Band
