

# Hoover Bay Road Association

## Meeting Minutes:

Saturday, June 28<sup>th</sup>, 2008 at 11:00 a.m.

@ Ivy & Rodger Henderson's

- 28 members were present
- Mike McNeil was working and unable to attend so Ivy Henderson led the meeting.

The main topics under discussion were:

- Ivy stated that there was currently a bank balance of 7,012.31
- There is apparently going to be selective logging in our area by the Canim Lake Band. They will be using the road into Hoover Bay and will also be coming in from the 7000 road. It is thought that because of this forestry will be doing road improvements but this is not confirmed.
- The proposal of the Road Assoc. buying or leasing its own grader was discussed. That the grader in question was old, cost of maintenance, breakdowns, liability, volunteer time to run it were concerns.
- The proposal was voted on and it was unanimously decided that the road assoc. would not buy or lease a grader and would continue to hire graders etc, to maintain the road with what funds were available.
- There was also discussion on moving the sign board to just before the bridge but it was decided to wait and see what forestry did with the road.
- One week after the meeting, a grader hired by West Fraser started grading the road and was also hired by the road assoc. to continue all the way to the taxi strip. Unfortunately while the grader was parked up on top at KM 1, all of the windows were smashed out.
- We are again sending a new paid members list and ask that if your neighbor isn't on it please try to encourage them to join.
- This is the last time that we will mail out the newsletter by Canada Post unless we are specifically requested to do so. We will continue to e-mail all those that we have addresses for. If you don't have email and want to be mailed please let Laurie Ross know at 604-535-7018, or 15852 Vine Ave., White Rock, B.C., V4B 2T6, or phone Ivy Henderson at 250-395-2867. If we don't yet have your e-mail address please send it to [s\\_ross@telus.net](mailto:s_ross@telus.net)
